

Climate Actions Activity Sheet

Urban Wildlife

For the first part of the activity, discuss as a group what climate actions (actions you take to help the environment) you all do currently. Record some of these actions below:

For the second part of this activity, you will need to access the City of Calgary website titled *Actions you can take for the climate*. To access this please either look up:

- City of Calgary actions you can take for the climate on Google; or
- <https://www.calgary.ca/uep/esm/climate-change/for-the-climate.html>

On this website, there are lists of ranked actions to help our climate. Actions that are ranked 1 are a good impact, while 5 has the greatest impact. Browse through this webpage and answer the questions below as a group.

1. Did you find any actions your group recorded above on the webpage?
Which ones?
2. Do your daily climate actions have a great helping impact on our climate?
Were you surprised by their high or low impact?
3. What activities have the greatest helping impact for our climate?
4. What are some other climate actions on this webpage that you can incorporate into your life?
